NEW POWER RESTRICTIONS IN BULGARIA

REGULATE USE OF POWER -- Sofia, Vecherni Novini, 24 Sep 52

The power restrictions introduced on 1 September 1952 are no longer valid and are replaced by the following:

All private workshops of enterprises may use power only between 2200 and 0600 hours. All single-shift enterprises may use power only between 2200 and 0600 hours. This does not apply to those on the approved list of the "Energoo-bedinenie" (Power Association).

All two-shift enterprises may work with a day shift between 0800 and 1800 hours and with a night shift between 2200 and 0600 hours. Commercial mills must close between 1800 and 2130 hours. Fulling mills, ensilage mills, and feed mills may use power only between 2200 and 0600 hours.

All three-shift enterprises must close between 1830 and 2030 hours on present rest days. This does not hold for those enterprises which work on processes which cannot be interrupted.

As of 27 September 1952, odd-numbered houses may use power between 1000 and 1300 hours, 1500 and 1800 hours, and 2200 and 0600 hours, while even-numbered houses may use power between 0800 and 1000 hours, 1200 and 1600, and 2200 and 0600 hours. Meximum monthly consumption will be 40 kilowatt-hours. Use of power for heating purposes is prohibited. All consumers may use power between 2200 and 0600 each day, as well as between 0800 and 1800 hours on Sundays and holidays.

CUT HOUSEHOLD USE OF POWER IN SOFIA -- Sofia, Vecherni Novini, 17 Sep 52

The "Elektrosnabdyavane" (Electric Supply) Enterprise in Sofia reports that all households in Sofia which use limited wattmeters may consume up to 10 kilowatt-hours of power per month (4 kilowatt-hours for lighting purposes and 6 kilowatt-hours for household needs) between 2200 and 0600 hours only. Households which use unlimited wattmeters may consume only 4 kilowatt-hours of power per month for lighting purposes and household needs. These temporary restrictions apply 7 days a week, including Sundays and holidays.
